Course Description

This 3-session course is designed to help planning commissioners and other local officials gain a better understanding of subdivision and land development regulations and review. The course includes the most recent changes in the PA Municipalities Planning Code and focuses on –

- Subdivision regulation and ordinance requirements
- Subdivision and land development review procedures, and
- Design and technical requirements in subdivision and land development.

Course Content

1. Introduction to Subdivision and Land Development
2. Subdivision Review in Local Government
3. Getting Ready for Review
4. Plan Submission (Filing)
5. Plan Review
6. Design Considerations
7. Approving a Plan
8. Project Completion and Follow-up
